FOR ASCEND MEMBERS

THE LEAD MACHINE

Fill your academy **on autopilot**
— without chasing a single
parent.

YOUR COMPLETE LEAD SYSTEM + TRAINING

HOW IT RUNS

ONE LOOP, RUNNING ITSELF

Every part feeds the next. You only step in to coach the session and close.

1 · TRAFFIC

Ads & your website

Facebook, Instagram, Google or your own site — the pixel tracks and retargets.

2 · CAPTURE + MATCH

The smart funnel

Parent says what they want → instantly sees the right session → claims a free trial.

3 · TRACK + AUTOMATE

Your leads board

Lead lands, you're alerted, the parent gets an auto-reply, and follow-ups chase themselves.

4 · CONVERT

Book & enrol

They book into your system and become a paying member.

WHAT'S INSIDE

THE FULL KIT

A done-for-you system plus the training to run it.

The smart funnel

A branded page that matches each parent to the right session, then books a free trial.

Session Builder

Add your classes in a simple form — no code. It sets your funnel up for you.

Leads tracker

One board that tracks every enquiry from new → trial booked → enrolled.

Automatic follow-ups

Instant replies, reminders and a chase sequence that runs on its own.

Website embed kit

Copy-paste it onto Wix, Squarespace or WordPress — it fits itself to your site.

The training

4 videos on the 4 lead areas, email templates, PDFs, and 50 slides on ads — more coming.

SWITCH IT ON

LIVE IN FOUR STEPS

Do it yourself with the guides, or let us build it for you — both included.

1

Add your sessions

Use the Session Builder to load your classes — no code, it does the setup for you.

2

Brand your funnel

Your name, colour and offer. This is the page parents land on and book from.

3

Put it on your site

Copy-paste it onto your website, or link it from your ads and Instagram bio.

4

Turn on your tracker

Copy the leads board, switch the automations on, send a test lead — you're live.

WHY IT WORKS

BUILT TO **FILL YOUR ACADEMY**

No lead ever slips

Every interested parent is captured and chased automatically — even the ones who don't finish booking.

You know what they want

Not just a name — which child, what they're after, matched to the right session before you call.

Zero admin

Leads flow in and the board updates itself. Your only job is the call and the coaching.
